DEPARTMENT OF THE INTERIOR

Office of the Assistant Secretary— Water and Science

Central Utah Project Completion Act; Wasatch County Water Efficiency Project and Daniel Replacement Project

AGENCIES: The Department of the Interior (Department); the Utah Reclamation Mitigation and Conservation Commission (Commission); and the Central Utah Water Conservancy District (District).
ACTION: Notice of availability of the Final Environmental Impact Statement (FEIS): FES 96-58.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, as amended, the Department, Commission, and the District have issued a joint Final Environmental Impact Statement (FEIS) for the Wasatch County Water Efficiency Project and Daniel Replacement Project (WCWEP & DRP). The FEIS analyzes alternatives and impacts associated with efficiency improvements in the management, delivery, and treatment of water in Wasatch County. The project includes the conversion of some open irrigation systems to pressurized pipeline systems, thus conserving water and making sprinkler irrigation possible. Central Utah Project water conserved under section 207 of the Act which is available to the District would be provided to the Daniel Irrigation Company as a replacement supply for the terminated transbasin diversion from the Strawberry River, located in the Colorado River Basin. With the termination of the diversion from the Strawberry River, natural stream flows

would be re-established in the upper Strawberry River, thus completing a major mitigation commitment associated with the Strawberry Aqueduct and Collection System of the Bonneville Unit. Colorado River Storage Project power would be used, as part of the WCWEP & DRP project, to conserve water, improve efficiencies, and provide a replacement water supply.

DATES: Written comments relating to the FEIS will be accepted no later than January 13, 1997.

ADDRESSES: Comments on the FEIS should be addressed to: Karen Ricks, Project Manager, Central Utah Water Conservancy District, 355 West 1300 South, Orem, Utah 84058.

SUPPLEMENTARY INFORMATION: Public participation has occurred throughout the EIS process. A Notice of Intent was published in the Federal Register December 31, 1992. A notice of availability of the Draft Environmental Impact Statement was published in the Federal Register June 13, 1996. There have been numerous open houses, public meetings, and mail-outs to solicit comments and ideas. Any comments received throughout the process have been considered.
